

About us

Founded in 1944, United Auto Company has been supplying genuine Japanese auto spare parts for both gasoline and diesel engine automobiles around the world.

We supply piston ring sets, engine gaskets, cylinder liners, crown wheel and pinions, engine bearings, etc. for both trucks and heavy machinery such as Mitsubishi, Isuzu, Nissan, UD as well as Hitachi.

The company also provides OEM facilities for various brands, catering to individual customer's needs and demands.
